

BOARD OF TRUSTEES

UNIVERSITY OF THE DISTRICT OF COLUMBIA

UDC RESOLUTION 2019-47

Subject: Appointment of Dr. Sabine O'Hara as Distinguished Professor, College of Agriculture, Urban Sustainability & Environmental Sciences (CAUSES)

WHEREAS, pursuant to D.C. Official Code § 38-1202.06(3), the Board of Trustees is authorized to establish or approve policies and procedures governing admissions, curricula, programs, graduation, the awarding of degrees, and general policy for the components of the University; and

WHEREAS, pursuant to 8 DCMR § 1412, faculty who are qualified to hold the rank of Professor and who have achieved outstanding professional distinction in research, creative accomplishments, teaching, service to higher education or public service may be nominated for appointment to the rank of Distinguished Professor; and

WHEREAS, the Board of Trustees must approve all appointments to the rank of Distinguished Professor; and

WHEREAS, the Board has received the attached recommendation from the President of the University of the District of Columbia (UDC) and recommendation from the Chief Academic Officer of UDC, both of whom have approved the appointment of Dr. O'Hara to the rank of Distinguished Professor, due to her outstanding record of service to the University in her former role as Dean of the College of Agriculture, Urban Sustainability & Environmental Sciences (CAUSES), during which time she set a high benchmark for her leadership, scholarship, and service to the UDC and District communities, and beyond, including among her many accomplishments the development of the award-winning UDC Urban Food Hubs and other urban agricultural innovations, such as UDC's "Green Roof"; her collaboration on the development and implementation of UDC's second doctoral program, in Urban Leadership and Entrepreneurship; her promotion of UDC as a model urban educational innovator and partner on the national and international frontlines of agricultural, environmental and health sciences through her many books, articles, lectures, and broadcast appearances; and in recognition of the many awards and honors bestowed upon her during the course of her work over the decades of her entire professional career; and in recognition of her continuing role as a professor who can inspire a new generation of students poised to confront new challenges with scholarship and innovation; and

WHEREAS, the Board agrees with the recommendation of Dr. O'Hara for the reasons described in the Chief Academic Officer's attached recommendation, and commends Dr. O'Hara for her distinguished service and professional excellence.

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees hereby authorizes and approves the appointment of Professor Sabine O'Hara to the rank of Distinguished Professor.

Submitted by the Academic and Student Affairs Committee:

Subject: Recommendation of Distinguished Professor Appointment for Sabine O'Hara, Ph.D.,
Full Professor, College of Agriculture, Urban Sustainability and Environmental Sciences
(CAUSES)

I recommend Dr. Sabine O'Hara, the former Dean of the College of Architecture, Urban Sustainability and Environmental Sciences (CAUSES), for appointment as Distinguished Professor, effective October 1, 2019. Dr. Lawrence T. Potter, Jr., Chief Academic Officer (CAO), has presented a compelling commendation of Dr. O'Hara's stellar performance, and I concur with his evaluation of her credentials and qualifications for this esteemed status in the faculty ranks.

I spent considerable time working with all the deans while we sought a new CAO. Doing so afforded me the opportunity to interact with and observe Dr. O'Hara more closely than I might have otherwise. Her intellect and determination are matched by her vision and innovation. Her dedication to our students and faculty is mirrored in her commitment to equity in the D. C. community, and on the global stage. I have selected her to represent the University on several occasions because she is a servant-leader and model citizen that we seek to promote across the UDC community.

I am pleased that she will remain as Program Director for the new Ph.D. program in Urban Leadership and Entrepreneurship. Her presence bodes well for the success of the program, as well as for our status as the nation's only exclusively urban land-grant university. She has the qualifications and experience, and she serves as an excellent and appropriate role model for students and faculty, whether they aspire to the academy or other innovative paths to success.

I wholeheartedly endorse Dr. Potter's recommendation and support the appointment of Dr. Sabine O'Hara as a Distinguished Professor at the University of the District of Columbia.

**UNIVERSITY OF THE
DISTRICT OF COLUMBIA**
OFFICE OF THE CHIEF ACADEMIC OFFICER

Lawrence T. Potter, Jr., Ph.D.
Chief Academic Officer

MEMO

TO: Ronald Mason, Jr., J.D.
President

FROM: 
Lawrence T. Potter, Jr., Ph.D.

RE: Recommendation and Justification to appoint Dr. Sabine O'Hara as Distinguished Professor

DATE: October 11, 2019

I am writing to recommend Dr. Sabine O'Hara as a Distinguished Professor in the College of Agriculture, Urban Sustainability, and Environmental Sciences (CAUSES).

She began her tenure at the University of the District of Columbia in March 2012 as Dean of the newest of the UDC Colleges, the College of Agriculture, Urban Sustainability & Environmental Sciences (CAUSES), following a comprehensive national search. As the Dean of CAUSES and Land-grant Programs, Dr. O'Hara has led the University's efforts to build a global model for urban sustainability, urban agriculture, and urban leadership with distinction, and with a deep personal commitment to improving the quality of life and economic opportunity of urban populations.

During her tenure, Dr. O'Hara led CAUSES in six successful accreditation and re-accreditation; launched two new Professional Science Masters programs, a Ph.D. program, and a new undergraduate program in Urban Sustainability; created the award-winning UDC Urban Food Hubs model, which received recognition as one of the top three innovations in Cooperative Extension in the nation; and today, four Urban Food Hubs are in various stages of completion; grant funding nearly doubled under her leadership with CAUSES generating roughly \$4 million annually in external funds; she published one book and seven articles and is a popular speaker who presented at the USDA, the Smithsonian, and universities around the country, and the world; she also served as President of the International Society for Ecological Economics and as Advisory Board Member of King Abdulaziz University In Jeddah; and she still found time to teach at least one course every semester.

This distinguished record makes Dr. O'Hara a true scholar-teacher, yet she is also a doer, who feels passionate about the role of the academy to bring about positive change. Her most recent contributions have been providing leadership to our new doctoral program in urban leadership and entrepreneurship, where she was recently appointed to serve as Ph.D. Program Director.

Prior to arriving at UDC, Dr. O'Hara held a faculty position at Rensselaer Polytechnic Institute, and academic leadership posts as Provost of Green Mountain College, Vice President for Academic Affairs and Dean of the College at Concordia College, Vice President and Executive Director of the Council for International Exchange of Scholars at the Institute of International Education, and President of Roanoke College. Dr. O'Hara has made significant and lasting contributions to the institutions where she previously served and has been cited for her outstanding scholarship, distinguished leadership, and civic service. Dr. O'Hara's faculty and leadership appointments have resulted in her obtaining numerous research grants, authoring three books, over fifty articles and book chapters, numerous research reports and book reviews, and presenting scholarly papers and proceedings at well over 100 professional organizations and conferences nationally and internationally reflecting her multidisciplinary interests and expertise.

DR. SABINE URSULA O'HARA

Dean of CAUSES and Land-grant Programs
College of Agriculture, Urban Sustainability and Environmental Sciences (CAUSES)
University of the District of Columbia
4200 Connecticut Ave, Washington DC 20008

+1 (202) 368-9504 | +1 (202) 274-7011

Dr. Sabine O'Hara, higher education leader, researcher and author with a record of success including:

- Developed the UDC Urban Food Hubs initiative that won recognition by the Association of Public and Land-grant Universities Budget and Policy Committee as national innovator in Cooperative Extension.
- Increased applications from U.S. scholars to the Fulbright program by 90 percent in two years and more than doubled applications from minority faculty.
- Developed a global scholar collaboration entitled *The University as Innovation Driver and Knowledge Center* that led to the launch of the non-profit organization *Professors Beyond Borders*.
- Designed and implemented a curriculum reform process that assisted the University of South Africa (UNISA) in transitioning from correspondence courses to interactive on-line courses.
- Completed a successful strategic plan for Roanoke College, increased annual giving by 22 percent, and raised over \$5 million for strategic projects.
- Developed a sustainable economic development blueprint for the Roanoke Valley entitled *The Five Pillars of Economic Development* that has been used in various communities.
- Oversaw the transformation of Green Mountain College as Vermont's environmental liberal arts college, increased student-enrollment by 15% and reduced the tuition discount rate from 38 to 33%.
- Chaired the Poultney sustainable development task force and authored a study that secured an economic-development planning grant from the State of Vermont.
- Co-chaired the development of the nation's first Ph.D. program in Ecological Economics at Rensselaer Polytechnic Institute and oversaw the successful accreditation of the program through Middle States.
- Conducted a needs and skills assessment in underserved neighborhoods in Schenectady, NY that resulted in the successful launch of several micro-enterprises.

Education

- 1984 Doctorate (Dr.sc.agr.) in Environmental Economics, Universität Göttingen, Germany.
1979 Master's (Diplom) in Agricultural Economics, Universität Göttingen, Germany.
1977 B.S. in Agricultural and Life Science, Universität Göttingen, Germany.
1974 Abitur, Ernst Sigle Gymnasium, Kornwestheim, Germany.
1955 DOB Oct. 29 1955, Ludwigsburg, Germany

Professional Development

- 2005 Association of Governing Boards Leadership Workshop, Charleston, SC.
2003 Higher Education Leadership Project, Yale University, New Haven, CT.
2001 Institute for Educational Management, Graduate School of Education, Harvard University, Cambridge, MA.

Professional Experience

- 2012-2019 Dean of CAUSES and Land-grant Programs of the newly formed College of Agriculture, Urban Sustainability and Environmental Sciences (CAUSES), and Professor of Ecological Economics, University of the District of Columbia, Washington, DC
June 2010-present Founder and Principal of Global Ecology LLC, professional development and strategic partnerships for sustainable development and urban resiliency, Washington, DC

(Professional Experience continued)

- 2007-2010 Executive Director, Council for International Exchange of Scholars (CIES) responsible for administering the prestigious Fulbright scholar program, Washington, DC.
- 2004-2007 President of Roanoke College, and Professor of Environmental Economics, Salem, VA
- 2002-2004 Vice President of Academic and Faculty Affairs and Professor of Environmental Economics, Concordia College and Concordia Language Villages, Moorhead, MN
- 1999-2002 Provost and Professor of Environmental Economics, responsible for Academic Affairs, Academic Support Services, Student Affairs, Admissions, and Financial Aid, Green Mountain College, Poultney, VT.
- 1999 Visiting Scholar, Department of Women's Studies, College of Arts and Sciences, Harvard University, Cambridge, MA.
- 1993-1999 Assistant Professor and Director of Graduate Studies in Economics, (Adjunct Associate Professor 1999-2001), Department of Economics, Rensselaer Polytechnic Institute; Troy, NY.
- 1992-1993 Visiting Assistant Professor, Department of Economics and Department of Religious Studies, Siena College, Loudonville, NY.
- 1989-1993 Director of Public Policy, New York State Council of Churches, Albany, NY.
- 1985-1986 Adjunct Professor, Community College of Vermont; St. Albans, VT.
- 1979-1984 Teaching Assistant and Research Assistant, Department of Agricultural Economics, Universität Göttingen, Germany.

Courses taught:

Undergraduate courses:

Economy, Ecology and Ethics
Environmental Economics
Environmental Policy
Economics of Government Regulation
Intermediate Microeconomics
Intermediate Macroeconomics
Introduction to Economics
Sustainable Urban Agriculture

Graduate courses:

Advanced Ecological Economics
Advanced Macroeconomics
History of Economic Thought
Topics in Input Output Analysis
Regional Economics
Sustainable Development
Urban Development

Chaired three Ph.D. committees; served on eight Ph.D. committees at Rensselaer Polytechnic Institute, N.Y., Erasmus University, Rotterdam, and Humboldt University, Berlin; supervised six Master's theses and eleven Undergraduate Research projects; theses titles and research project titles available upon request.

Research Grants (partial list)

- 2017 District Department of Energy and the Environment (\$325,000). Training and Innovation in Integrative Pest Management in Urban Environments.
- 2015 Anacostia Economic Development Corporation (\$609,000). New Models for Urban Agriculture: the Hydroponics Food Hubs.
- 2014 USDA Research Grant (\$50,000). The Five Pillars of Economic Development: A Storytelling Approach to Sustainable Economic Empowerment and Development for Underserved DC neighborhoods
- 2013 Sustainable DC Innovation Grant (\$920,000). DC Office of Planning, and DC Department of Energy and Environment. Urban Aquaponics, Food Security, and Native Plants for Urban Sustainability.
- 2001 State of Vermont Downtown Revitalization Grant. Co-Principal investigator (\$32,000). Planning Grant for downtown-revitalization for the town of Poultney.
- 2000 Ecological Economy Challenge Grant (\$12,000). John Todd Corporation, Burlington VT. Start-up grant for an experimental stage Living Machine for Green Mountain College.
- 1997 Rensselaer Polytechnic Institute Strategic Initiative Grant. Co-Principal investigator (\$12,000). Ecological Economics, Values and Policy - Development Grant for a New Undergraduate Major

(Research Grants continued)

- 1997 Froehlich Foundation. Co-principal investigator (\$325,000). Assessment of the Past, Present, and Future of Lake George: A Holistic Study Using Advanced Technology & Community Involvement.
- 1997 Hewlett Foundation. Co-principal Investigator (\$150,000). Applying a Studio Course Model to General Education in the Humanities and Social Sciences.
- 1996 Keck Foundation Grant. Co-principal investigator (\$640,000). Equipment grant to develop the Keck Water Quality Laboratory for Interdisciplinary Water Quality Research.
- 1996 Sloan Foundation. Co-principal investigator (\$30,000). Strategies for Regional Economic Development in the City of Troy.
- 1996 Anonymous Private Foundation. Co-principal investigator (\$382,000) Studio Courses versus Traditional Course Formats in Science Education: A Comparative Analysis of Educational Goals and Economic Costs and Benefits.
- 1995 Rensselaer Polytechnic Institute Strategic initiative Grant. Principal Investigator (\$42,000). Interactive Learning and Ecological Economics.
- 1995 Schenectady Economic initiative assistance to urban neighborhood associations. Principal Investigator (\$16,000). Urban Neighborhood Based Economic Development.
- 1981 DFG-Deutsche Forschungsgesellschaft, Research Fellowship for graduate research visits to the University of California Davis, the University of Illinois Urbana Champaign, the University of Georgia Athens, and the USDA in Washington, DC.
- 1980 DFG- Deutsche Forschungsgesellschaft, Research Fellowship for graduate research in applied systems analysis at the International Institute for Applied Systems Analysis (IIASA), Laxenburg, Austria.

Consultancies & Other Professional Activities (partial list)

- 2016 "Supply Chains, Distribution, Loss & Waste" Working Group Chair, The Challenge of Change: Harnessing University Discovery, Engagement, and Learning to Achieve Food and Nutrition Security, Association of Public and Land-grant Universities (APLU), Washington DC.
- 2014 - 2019 Research Coordinator of the Multistate Research Collaboration NE 1438, Changing the Eating Behaviors of Elderly Populations, USDA National Institute of Food and Agriculture, Washington DC.
- 2011 Rostered Expert of the United Nations Capital Development Fund (UNCDF) of the United Nations Development Program (UNDP), New York, NY.
- 2011 "The UNISA Signature Curriculum: Relevance for the African Context", Pretoria, South Africa and Washington, DC.
- 2010 "Future Funding Models for Research Fellowships", The Marie Curie Actions Program, European Commission, Brussels, Belgium.
- 2010 "Gaining Academic Distinction through International Exchange and Collaboration", Princess Nora University, Riyadh, Kingdom of Saudi Arabia.
- 2009 "The King Abdulaziz University Undergraduate Research Program: Developing Future Ph.D. Recipients through Successful Undergraduate Research", Jeddah, Saudi Arabia.
- 2008 "Achieving Strategic Priorities through a Context Based, Development Focused Curriculum", PVC Curriculum Summit and Planning and Assessment Conference, University of South Africa, Pretoria.
- 2008 "Increasing Access and Equity in African Higher Education – Collaborations and Comparisons between Egypt, Kenya, Nigeria, and South Africa"; Ford Foundation Office, Cairo, Egypt.
- 2007 "Economic Development to Strengthen Regional Assets", Roanoke Valley Business Council.
- 1998 "Developing Curriculum Resources in Ecological Economics that Strengthen Regional Engagement and Development". The American Forum for Global Education, New York, NY.
- 1997 "Discourse Based Valuation: Designing a Community Based Valuation Process of Development Scenarios in the Hamilton Harbor Watershed." Sustainable Futures, Toronto and Hamilton Ontario.

(Consultancies continued)

- 1996 "Economics and Ethics: Toward Strategic Intelligence in Economic Development". Guest Lecturer, International School of Management, Bad Waldsee, Germany.
- 1994 Guest Editor "Eco-Justice Quarterly", Eco-Justice Project and Network, Cornell, Ithaca, NY.
- 1994 "Understanding the Economy". A general education course, Center for Change, Schenectady, NY.
- 1993 "Women and Economics". A general education course, Center for Change, Schenectady, NY.
- 1992 NGO Delegate to the UN Conference on Environment and Development and to the UN Negotiating Committee for a Convention on Climate Change, Rio De Janeiro, Brazil.

Updated July 2019

DR. SABINE URSULA O'HARA

Dean of CAUSES and Land-grant Programs
College of Agriculture, Urban Sustainability and Environmental Sciences (CAUSES)
University of the District of Columbia
4200 Connecticut Ave, Washington DC 20008
sabine.ohara@udc.edu | sabine.ohara@gmail.com
+1 (202) 368-9504 | +1 (202) 274-7011

Dr. Sabine O'Hara is a teacher, mentor, researcher and administrator of a university that serves on the frontlines of improving lives in underserved communities. As Dean of the College of Agriculture Urban Sustainability and Environmental Sciences (CAUSES) of the University of the District of Columbia, she is leading the University's efforts to build a cutting-edge model for urban agriculture and urban sustainability that integrates training in the agricultural, environmental and health sciences with the practical aspirations of students and residents to embark on successful careers in the new innovation economy.

Dr. O'Hara's work has focused consistently on the quality of life and economic opportunity of local communities through multi-dimensional intellectual, social, and physical capacity development. A foundation of her work is her belief that education should not only answer our questions, but also question our answers. This search for new answers has guided her work as the 10th President of Roanoke College in Virginia; provost of Green Mountain College in Vermont; faculty member at Rensselaer Polytechnic Institute, in Troy, New York; and executive director of the Council for International Exchange of Scholars, which administers the prestigious Fulbright Scholar Program.

Dr. O'Hara holds Master's and Doctoral degrees in Agricultural Economics and Environmental Economics from the University of Göttingen, Germany. She serves on the International Advisory Board of King Abdulaziz University in Jeddah, Saudi Arabia, holds an Affiliated Faculty appointment with the Working Group in Institutional Analysis of Socio-Ecological Systems at Humboldt University, Berlin, Germany, is the past President of the International Society for Ecological Economics (ISEE) and US Society for Ecological Economics (USSEE), and serves on the editorial boards of several academic journals.

FISCAL IMPACT STATEMENT

TO: The Board of Trustees

SUBJECT: Distinguished Professor for Dr. Sabine O'Hara

Conclusion

It is concluded that there are sufficient unrestricted funds in the University's Academic Affairs budget to cover the cost of salary and benefits associated with the appointment of Dr. Sabine O'Hara to the rank of Distinguished Professor in the College of Agriculture Urban Sustainability and Environmental Sciences (CAUSES).

Background

The proposed resolution recommends the appointment of Sabine O'Hara, Ph.D., to the position of Distinguished Professor in CAUSES. Dr. O'Hara's appointment to the position of Dean of CAUSES included a provision which authorized her to assume a tenured faculty position should she leave the position of dean. After seven years of service, Dr. O'Hara stepped down as the Dean of CAUSES (effective October 1, 2019) and assumed a tenured faculty position as a full-professor and program director of the Ph.D. Program in Urban Leadership and Entrepreneurship.

Financial Impact

The salary under this faculty union appointment will be \$117,692 per year (plus benefits of 28%). This position will continue to be fully eligible for cost of living increases in accordance with applicable University policy. It will also continue to be eligible for and may participate in University of the District of Columbia health insurance, life insurance, retirement, and disability programs in the same manner and under the same conditions as regular administrative employees hired on or about the date of the initial appointment. The University will continue to contribute seven percent (7%) of the employee salary to the Teacher Insurance Annuity Association/College Retirement Equities Fund (TIAA/CREF) retirement account. Faculty receive a nine-months-per-year faculty appointment and accrue only one day of sick leave per month.
