Program & University Information

Advising

All students in the Human Development Program should have formal advising *at least* once during a semester, but especially in November to register for Spring courses and in April to register for Fall courses. Every student in an academic program is assigned to an academic advisor either in the Advising Center (for freshman and sophomores) or in the Major department (for juniors and seniors).

Degree Offered

Baccalaureate of Arts degree (BA) in Human Development with two concentrations: Early Childhood Infant/Toddler and Early Childhood Pre-School.

Credit Statement

The Human Development program requires 120 credits for graduation which includes 37 credit hours in General Education, 52 credits in Core/Foundation, 24 credit hours in option, and 7 required electives in Special Education, Speech and Language Pathology, Dual Language and Neuroscience.

Admission Statement

The Human Development major is an unrestricted major and any student eligible for admission to the University is eligible to declare this major.

GPA Requirements

Students must earn a minimum grade of “C” in all required Human Development and ancillary science courses. Human Development majors must maintain a minimum 2.0 cumulative GPA to graduate from the University.

Developmental Course Exemptions

Only college-level courses numbered 100 and above are counted in the GPA and total credits earned. In other words, developmental courses, those numbering below 100 (ex. 015 or 004), are not counted in the GPA or in the total credits earned. Exclusion of these courses happens upon application for graduation. All excluded courses are identified on the transcript with an “E”.

Residency Statement for the Program

The Human Development Program requires a total of 21 credits of the 52 credits of the core/foundation and 3 credits of Options I or II, must be taken in residence at the University of the District of Columbia. They are :

- HMDV 390 Human Development Practicum (3 credits)
- HMDV 408 The Young Child in a Multicultural Society (3 credits)
- HMDV 491 Advanced Practicum (12 credits)
- HMDV 492 Current Practices in Childhood Education (Options I & II) (3 credits)

Residency Statement for the University

The University confers the bachelor’s degree upon students who complete the final 30 credit hours of study in residence at UDC.

Transfer Credits

All transfer credits are evaluated by a Transfer Student Counselor in the Office of Recruitment and Admission. Academic departments reserve the right to determine those credits that will be used to satisfy degree requirements. Students must visit Admissions to have transfer credits applied to their UDC transcript.

Add/Drop Procedures

Continuing students may change their schedule any time during the Continuing Student Registration period or during the official Course Adjustment period. (Check the Academic Calendar for dates.) These changes may be made online.

Students may also change their schedule during the official Add/Drop period, but will be charged an add/drop fee for each successful transaction. Alternately, if the change leaves a balance, then the student may be entitled to a refund. (See the Refund Policy in the Course Catalog.)

Withdrawal From a Course

Students may officially withdraw from a course without penalty up to five weeks prior to the beginning of the scheduled final examination. Once the withdrawal is processed in the Office of the Registrar, a grade of "W" will be entered on the student's transcript. If a student stops attending class, or fails to file the Change of Program/Withdrawal form by the posted deadline date, the student may receive a failing grade. If applying for or receiving any form of financial aid, the student must contact the Office of Financial Aid before withdrawing from any course since withdrawals may affect eligibility for current or future aid.

Dean's List

A Dean's List of all undergraduate students who have a cumulative grade point average of 3.00 and a term GPA of 3.30 or higher is certified by the Vice President of Academic Affairs at the end of each semester. To qualify for the Dean's List, a student must have registered for a minimum of 12 credit hours and not failed or withdrawn from any courses during the semester in question. The College of Arts & Sciences celebrates all Dean's List students annually at an Honors Convocation.

Application for Graduation

Students who expect to complete their academic requirements during any given semester should submit an Application for Graduation to the Office of the Registrar the semester before they expect to graduate or no later than the deadline date indicated in the Academic Calendar, and pay the required graduation fee in the Cashier's Office. The submission of an application does not guarantee graduation. Only those students who have met ALL academic requirements and who have satisfied ALL financial obligations will be cleared for graduation.

Policy Changes

The Human Development Program reserves the rights to make needed or required curriculum revisions without prior notice or publication, provided these changes would at no time lengthen the period of time required to obtain the degree. Programs are subject to revision during the course of development, implementation, evaluation, and the revision of a curriculum. These changes may become effective prior to publication of the next catalog.
