## FISCAL IMPACT STATEMENT

**TO:** The Board of Trustees

**FROM:** Managing Director of Finance *David A. Franklin*

**DATE:** March 3, 2020

**SUBJECT:** Reserved parking rate and inapplicability of parking rates provided by third-party contractor

### Conclusion

It has been concluded that the establishment of a discretionary reserved/premium parking rate and inapplicability of parking rates provided by a third-party contractor will result in a positive fiscal impact on the University of the District of Columbia's annual revenue stream.

### Background

The proposed resolution will establish a reserved/premium parking rate of \$175.00 (Fall & Spring Semester) and \$75.00 (Summer) for current UDC staff, faculty, and contractors who wish to avail themselves of this parking feature. The proposed rate would accomplish the following: (1) generate a slight increase in revenue; and (2) allow the University to remain well below the market rate average for the Van Ness Corridor.

The reserved/premium parking rate is projected to generate approximately \$2,000.00 in additional annual postsecondary revenue. The reserved/premium parking rate will apply only to UDC staff, faculty, and contractors who wish to avail themselves of this parking feature.

Furthermore, the University proposes to limit all adopted parking rates to faculty, staff, students, or contractors with University-issued identification, except in instances where parking is provided through a lease or contract by a third-party contractor to the University.

### Financial Impact

It is projected that the proposed reserved/premium parking rate and the inapplicability of University parking rates to a third-party contractor would lead to an increase in revenue for the University. This request has been approved based on information provided.

There are no anticipated risks at this time.
