

WebEx Access Instructions for the Community

To watch this event live, please follow these instructions:

1. We recommend you use the Google Chrome or Internet Explorer web browser on your computer/laptop.

For tablets, iPads, or mobile phones, we recommend you use only Google Chrome.

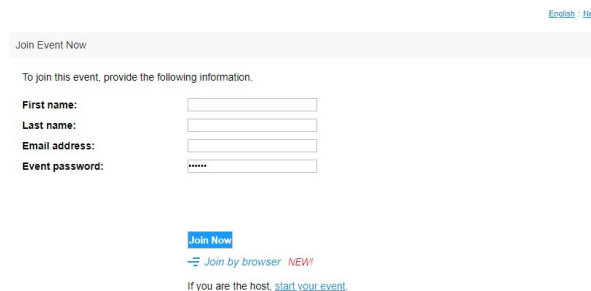

- If you do not already have that web browser on your mobile device, you may find it at your “App Store” (iPhone or iPad users) or “Google Play Store” (Tablet and Android users) by simply searching “Google Chrome.” Download the application. Once the application is downloaded, please open.

2. Copy and paste this link to the Google Chrome web browser or Internet Explorer and press enter or “Go”:

<https://universityofdc.webex.com/universityofdc/onstage/g.php?MTID=e3a2043d778440ae040cad56044fe8ec7>

Once you do so, the Cisco Webex page will open.

3. To join the event, please input the requested information:

A screenshot of the Cisco Webex 'Join Event Now' form. At the top right, there are links for 'English' and 'Help'. Below the title, a grey box contains the text 'Join Event Now'. Underneath, it says 'To join this event, provide the following information.' There are four input fields: 'First name:', 'Last name:', 'Email address:', and 'Event password:'. The password field has a masked input with asterisks. Below the fields, there is a blue 'Join Now' button. Under the button, there is a link 'Join by browser' with a small icon and the word 'NEW!' in red. At the bottom, it says 'If you are the host, start your event.' with a link.

Your First name:

Your Last Name:

Your email address:

Event password: **BOT2021!**

4. Click on “Join Now”
