

Masters Programs & Degrees

UDC offers over 81 degree programs encompassing a wide range of education levels and interests. You can view and sort the program listing by clicking on the column headings; filter programs by degree type with the links on the left and/or search for a specific program of interest below. Select the program you are interested in for more detailed information and to learn how UDC can help you to accomplish your personal and professional goals. If you are interested in UDC's [Workforce Development](#) offerings, please visit the [Workforce Development Program](#).

If you have any questions about your program of interest, we encourage you to contact the Department Chair or Program Director directly. You can also [contact the Office of Recruitment and Admissions](#) to receive more information on all of the benefits that enrolling at UDC offers and on how to [apply for admission](#).
