

SAVE THE DATE

In coordination with the OCA Grants Management Division and NGMA, GMBoK training will provide you with an in-depth understanding of the full grants lifecycle from solicitation and evaluation of applications to closeout and audit. You will learn about the laws, regulations, and

policies affecting your administration of Federal grants. Know what the key changes are in the requirements with the Uniform Grant Guidance published at 2 CFR 200 so that you can update your grant policies and procedures at your agency. **This training is for District Government Employees only.** Participants must receive management approval prior to being considered.

GMBoK TRAINING

Tuesday, September 12 – Thursday, September 14, 2017

8:30 AM – 5:00 PM

200 I Street SE, Washington, DC 20003

Community Room Ground Floor

Registration for this training is required

Some of the goals of this course include:

- Be familiar with the newly mandated pre-award risk assessment including the newest government database the Federal Awardee Performance and Integrity Information System
- Find out about the new certifications and mandatory disclosures
- Recognize the changes in the procurement standards
- Appreciate the increased responsibilities in managing your sub-recipients
- Understand the changes in the cost principles and audit requirements
