Pharmacy Technician
Certificate Program

WHY UDC?
Each of the five certification based pathways in the Division of Workforce Development and Lifelong Learning (WDLL) can connect you to degree programs that will allow you to further your education and propel your career. This mission of WDLL is to reduce unemployment and underemployment in the District of Columbia by enhancing the skills of its residents. The program provides training to DC residents aimed at helping them earn jobs, get promoted, and train for careers in new industries. Healthcare Programs are conducted at our Congress Heights Campus. Classrooms are equipped with Smart Technology and each laboratory contains state-of-the-art equipment and supplies identical to those found in clinical labs and pharmacies in healthcare settings.

14-Week Program
- Monday – Thursday
  - 9:30 am – 1:30 pm
  - 5:00 pm – 9:00 pm

Pharmacy Technician Courses Include:
- Introduction to Pharmacy
- Pharmaceutical Math
- Pharmacology for Technicians
- Insurance and Customer Service

Career Highlights & Opportunity
Pharmacy Technicians help licensed pharmacists dispense prescription medication. They typically perform the following tasks: Take from customers or health professionals the information needed to fill a prescription; Count tablets and measure amounts of other medication for prescriptions; Compound or mix medications, such as preparing ointments; Package and label prescriptions. The US Bureau of Labor Statistics ranks Pharmacy Technicians among the fastest growing occupations in the 2014-2024 decade.
